When Weave dropped their calls, Adit answered

Challenges

- Frequent outages with **Weave disrupted operations.**
- Manual recare follow-up was **time-consuming.**
- Difficult to **track payments** and **missed production goals.**
- Low online visibility due to **limited reviews.**

Solutions

- **Adit provided an affordable, all-in-one software solution** with enhanced automation.
- **Advanced communication tools** like automated texting and appointment confirmations.
- **Stronger online presence** with review management and patient engagement.

Results

"Adit's onboarding, training, and support have exceeded all our expectations. We've never had service like this before. It's fast, responsive, and reliable - everything Weave wasn't."
