Big Sky Smiles

Big Sky Smiles achieved 106% revenue growth in the first month with Adit.

Challenges

- **Lack of real-time analytics** beyond basic production and collections.
- Evaluated **Dental Intel** but found it too complicated.
- Needed a solution **to support business growth** and **streamline operations**.

Solutions

- Adit's **Practice Analytics** module provided real-time insights and key performance tracking.
- **Online scheduling and automation** tools streamlined patient booking and reminders.
- Seamless EHR **integration** saved valuable administrative time.
